## Press Release

KRAIBURG TPE Webinar: Applications & Opportunities in Pharma & Medical Devices

Kuala Lumpur, October 2024

Page 2 of 4

- Material advantages
- Success projects & application possibilities
- Compliance standards
- Q&A Session

### Key insights

- **Biocompatibility:** THERMOLAST® M and THERMOLAST® H are designed to meet stringent medical standards, ensuring safety for patient contact.
- **Flexibility and Comfort:** These series provide excellent flexibility for applications requiring comfort, such as medical tubing and seals.
- **Durability:** These materials exhibit high wear and aging resistance, ensuring long-lasting performance in demanding environments.
- **Chemical Resistance:** Both series offer good resistance to a range of chemicals, making them ideal for various healthcare applications.
- **Regulatory Compliance:** They meet key ISO-10993 standards, streamlining the approval process for medical devices.

## Press Release

**KRAIBURG TPE Webinar: Applications & Opportunities in Pharma & Medical Devices**

**Kuala Lumpur, October 2024**

**Page 4 of 4**

KRAIBURG TPE ([www.kraiburg-tpe.com](http://www.kraiburg-tpe.com)) is a global manufacturer of custom thermoplastic elastomers. KRAIBURG TPE was founded in 2001 as an independent business unit of the KRAIBURG Group and is now the industry's competence leader in the field of TPE compounds. The company's goal is to provide safe, reliable and sustainable products for customer applications. With more than 660 employees worldwide and production sites in Germany, the USA and Malaysia, the company offers a large product portfolio for applications in the automotive, industrial and consumer goods industries, as well as for the strictly regulated medical sector. The established THERMOLAST®, COPEC®, HIPEX® and For Tec E® product lines are processed by injection molding or extrusion and offer manufacturers numerous advantages not only in processing but also in product design. KRAIBURG TPE is characterized by its innovative strength, global customer orientation, customized product solutions and reliable service. The company is ISO 50001 certified at its headquarters in Germany and holds ISO 9001 and ISO 14001 certifications at all its sites worldwide.
